

**Renewable Energy Partnership
Biodiesel**

**Mandan, ND
December 6 - 7**

Biodiesel Goals

- Maintain a statewide promotional campaign that will educate consumers, retailers and distributors on the benefits of biodiesel and how it effects the environment and the economy.
- Have biodiesel available at all major and minor retail sites in North Dakota.
- Have biodiesel available in major pipelines and at terminals.
 - Achieved by:
 - Education
 - Direct contact
 - Incentives

Federal Incentives

- \$1 per gallon on B100
 - (virgin vegetable Oil)
- \$.50 per gallon on B100
 - (Yellow Grease)
- Example
 - B20 would give a \$.20 credit per blended gallon
- This is a blenders incentive

Biodiesel Goals

- Add new or adjust current legislation that allows tax benefits for the development of infrastructure for biodiesel distribution.
 - Retail tax incentives
 - Income tax credit for retailers
 - State funded blenders credit
- Production incentives for producers within the state.

Biodiesel Goals

- All state construction projects require that at least 5% to 10% of the fuel used on a state project come from a renewable source.
 - Could be:
 - Biodiesel
 - Ethanol

Biodiesel Goals

- Encourage the state to urge congress to establish a renewable fuels component for any federally funded projects as well.
 - Examples could be
 - Repair and rebuilding of federal highways
 - Bridge construction
- Incentive programs
 - Tax exemptions and incentives
 - Retailers
 - Distributors
 - Producers
